## EDUCATIONAL CLUB

Prof. Allen's Lecture and Evening With Great Masters Prove Very Educative to the Society

Some of the citizens enjoyed a treat last week when they attended a lecture delivered by Prof. Allen, professor of Geology in the provincial university of Alberta, the subject being "The Development of Pre-historic Animals and Plant Life." Dr. Allen opened his address with a general survey of the four great geological ages, which cover a period of millions of years. The good lantern views, the simplified method of the professor had of the treatment of the difficult subject together with Professor Allen's mastery of this field of knowledge made the evening both instructive and delightful. Perhaps one of the charms of Dr. Allen is that he is entirely unassuming, while he is so thoroughly interested in his own work. Dr. T. B. Stevenson occupied the chair.

The evening spent with "Great Masters" on Monday evening, Feb. 23rd in the kindergarten room of the Alameda school was particularly interesting. First came in August procession the sculptors and painters. Mrs.

*Guide*

gave the audience time to give rest and a nod from each, and she made those present feel quite well acquainted indeed with Rembrandt.

She then made the audience feel that it was good to know something like Erasmus. He dealt with his life and sketches and composition. E. B. Asselstine's paper was most interesting, as he referred to the world of science and invention, so mystical and enchanting and yet so fraught with service that ministers to men's comforts and needs. His treatise on Lord Kelvin made the audience feel that such men work with rightness and purpose and that each step in the discovery is paved with hard and painstaking work.

The next meeting of the Educational Club, on Monday evening, should be very interesting as Rev. A. R. Aldridge, D.D., will lead the discussion on the Foreign Problem in Canada. An invitation is extended to all to join in this discussion.

## DR. DYDE DELIVERS LECTURE

Large Audience Listen to Interesting and Instructive Lecture on Shakespeare

On Friday evening, under the auspices of the Knox church Literary Society Dr. Dyde, principal of the Presbyterian College, Edmonton, delivered a lecture in the Bijou Theatre, on "Shakespeare." The lecture proved an intellectual treat of the first magnitude. It was readily observed that the lecturer had made a life study of his subject. The lecturer gave copious passages and illustrations from "As you like it" and "King Lear" and the audience felt walled back again to Old England and the days of Queen Elizabeth, and many must have been touched by the Professor's allusion to the flowers now in bloom in the distant Home Land, referring to King Lear and his daughters, the lecturer strikingly pointed out the difference between the two daughters who, although before obtaining their portion of the kingdom, professed much love and filial devotion, and in thereafter treated their father with ignominy and contempt, and the daughter who, much less pronounced in her declaration of love and affection, and having received nothing at all, rescued her father at once from France to his rescue, died home on Friday last.

when she heard of his distress.

The professor's rendering of the different passages was in the highest degree cultured, refined and eloquent, and he pressed upon his audience the fact that it was not enough to possess the Bible and Shakespeare, but that both should be continuously read and studied, and also that we should ever remember and realize that Shakespeare was ours. He belonged to the English people, although the German probably studied him more, and would feel bold to say: as their own it was possible.

It is certain that at the conclusion of the lecture each and all present would have liked to have seen the reserved and distinguished lecturer two questions, namely: (1) Why have you not been here before? (2) Will you come back again?

Mrs. Harding and family, who have been visiting relatives and friends at different places across the line, came at once from France to his rescue, died home on Friday last.

## Successful Military Concert

Angus Theatre Packed to Hear Concert Under the Auspices of Squadron "C," 35th C.A.H.

Manager Angus and those associated with him are to be congratulated on the success of attending the first Military Concert in Wetaskiwin given Tuesday night Feb. 24 under the auspices of "C" Squadron 35th C.A.H.

The opera house was well filled and the crowd, in which were to be seen a goodly number of scarlet tunics proved very good natured over one or two unavoidable long waits in getting ready for some of the tableaux.

Manager Angus certainly had secured one of the best bands that has been seen here depicting war scenes, and his comedy film was one of the best scenes known for blues dyspepsia, and kindred ills. If the old saying a good laugh is better than a good cry, the doctors will not be busy with patients for some days.

The vocalists were all in good advantage in the tableaux. "Just as the Sun went down" and again in the solo "The end of a perfect day." Mrs. Dr. Walker always a favorite with Wetaskiwin audiences, carried her harp with her in her rendering of "The deathless Army, while Mrs. Boyer had to respond an encore following her selection "Jesus's Dream" a song descriptive of an incident during the siege of Lucknow.

Mr. Reddings voice was to some extent muffled by having to sing in front of the curtain during the setting of the tableaux, but even so, that his song's were very acceptable to the audience, while Sgt. Higginson kept the crowd in good humor during one of the long waits between tableaux.

The tableaux were good and out of the ordinary and except for a mistake in lightning in one well put on.

## COUNCIL PROCEEDINGS

Delinquent Light Users may get Discount. Accounts Passed. New Lease Made With Rotary Engine Co.

An adjourned meeting of the city council was held on Tuesday evening with all the members present except Ald. Gross and Wallace.

The Wetaskiwin Wine and Spirit Co. and George K. Allen wrote to arrange for property taxes. MacEachern, Gothard—that matter be referred to finance committee. Carried.

The finance committee reported as follows: The Hercules Rotary Engine Co., Limited.

We your Finance Committee recommend that a new lease be entered into with the above Company and that the amounts of money paid by the Company on water mains be credited.

That the balance be credited as their further liabilities accrue and in the event of the machinery and building being sold and moved off the lots any monies then coming to the Engine Co. be paid to them.

H. E. CUTLER,

D. MACBACHERN,

C. E. COMPTON.

Compton-Gothard—That report be adopted. Carried.

MacEachern-Gothard—That order for one Type Transformer, K.A. series 1200, Ampere be confirmed. Carried.

Gothard-Cutler—That the chairman of the light and power committee be empowered to purchase, a volt metre at cost of \$61.00 f.o.b. Wetaskiwin. Carried.

Gothard-Compton—That the light and power committee be empowered to sign a contract with the Canadian Westinghouse Co. for the supply of the metres as per quotations given to Light and power Committee. Carried.

Compton-Gothard—That any order and secretary-treasurer be authorized to sign a contract with the Canadian Westinghouse Co. for the supply of the metres as per quotations given to Light and power Committee. Carried.

The light and power committee reported as follows re electric light delinquent.

We your Electric Light Committee would recommend that all Electric Light Delinquents be put in default of January 1, 1914, be allowed to participate in discounts to be made by the city on the basis of the electric light provided they pay in addition to their account for the

the ordinary and except for a mistake in lightning in one well put on.

The Drills especially those of the Boy Scouts showed considerable training and skill and with practice Wetaskiwin should be able to put out several squads in Military and Physical drill that would be a credit to any town.

Perhaps the most striking feature on the stage that night was Regimental Quarter Master Sgt. Griffith late of the 2nd Mountain Battery Royal Artillery. With his bronzed face, telling of years beneath the burning sun of India his blue uniform trimmed with red and gold and his medals, J. M. S. Griffith was a new personality to Wetaskiwin. Among his medals he numbers The Afghan Medal with three stars, The Khanshar Star, commemoating the famous march of Lord Roberts, the long service medal, the meritorious service medal and a life saving medal. His success in training the boys here above all other early military training has not been forgotten and that he is a valuable man in a community where there is no organization to train boys.

The band looked well in the uniform of the squadron and we could have wished for one or two selections from their band on account of the short time they had to arrange for the music it was not feasible to have more.

We hope that the success of this Military Concert will lead to further efforts along this line and that the people of Wetaskiwin will again have the privilege to patronize the Theatre on Military Night.

## CRYSTALS LOSE AND WIN FROM LACOMBE

Fastest Game of the Season Played Here but the Home Boys Could Not Overtake the Big Lead

The Wetaskiwin Crystals avenged the defeat they received at Lacombe on the ice here on Monday evening when they outplayed the fast team from that town at every stage of the game. The score was six to three, and had it not been for the excellent work of the visiting goal keeper, the score would have been much larger.

The game was fast and clean-cut ever seen here, although at times there was a tendency to roughness. The Crystals started in with lightning speed, determined to overcome the big lead of the visitors, and if possible to win the championship of the league, but the odds of eight goals were too great. The only player sent to the fence during the entire game was Garland of Lacombe, who was caught shoving and tripping Manley just before the blowing of the final whistle.

Both teams checked closely, and neither was a player permitted to break away, although James succeeded in scoring two goals after brilliant dual rushes. Both teams endeavored to play combination, but this was quickly broken up.

The visitors were the first to score, Garland finding the net after twenty minutes play. Five minutes later, F. Heric tallied the first for the Crystals with a shot from the side. Two minutes after James made a brilliant rush and scored the second. Hay of Lacombe evened the score two minutes later. One minute after, the score of Heric found the net, to be followed two minutes after by Hay, who again evened the tally. The last goal of the first period was made by James, who just before the blowing of the whistle scored. Crystals 4, Lacombe 3.

## OBITUARY

Three Old-Timers Pass Away During the Past Week

MRS. GEORGE LONG  
The many friends of Mrs. George Long were shocked on Saturday evening last to learn that she had passed to the great beyond. Although she has not been enjoying good health for some time, being troubled with ulceration of the stomach, yet few were aware that the end was so near. She was married forty years ago last April to her sorrowing husband. Besides her husband, deceased, leaves a daughter, Mrs. George Long, who is now a mother, Mrs. Fagman, the only relatives living in this country. The funeral took place on Monday afternoon, service being held in the Catholic church. The interment took place in the R.C. Cemetery.

MRS. P. W. STRAND  
The angel of death visited the home of Mr. P. W. Strand at 4 miles north of the city, on Monday, and removed Matilda his beloved wife, at the age of 41 years and 8 months, after a protracted illness of tuberculosis. Deceased was a native of Norway, but lived several years in Minnesota. She was married in November, 1892, to her beloved husband Mr. and Mrs. Strand moved to the Wetaskiwin district seven years ago, and the deceased has been a resident here in the highest esteem by her friends. She leaves a sorrowing husband and family of eleven children a brother and sister, both residing in Minnesota. The interment has been delayed, awaiting the arrival of relatives from a distance. We extend the deepest sympathy to Mr. Strand in his irreparable loss.

Philip Birkerman  
It is with the deepest regret that we announce the passing away of Philip Birkerman of this city, who was called to his home on Tuesday of this week at the ripe age of 85 years and five months. He has been a robust man in his prime, but owing to his advanced years, he has been unable to play in for a handsome cup donated to the club by E. T. Williamson for the last couple of years, and was contented to his seat of considerable of the time during the past year. He was a native of North Germany, and in the year 1882 he emigrated to South

THURSDAY, FEBRUARY 26th, 1914

TOTAL PROHIBITION IS NOW THE  
POLICY OF TEMPERANCE AND  
MORAL REFORM LEAGUE.1. That total prohibition is the most  
effective way of dealing with the liquor  
traffic.2. That we proceed herewith to in-  
terdict the sale of liquor by legisla-  
tion to the full extent of the powers  
of the province.3. That steps be taken at once to  
inaugurate a provincial campaign by  
the formation of committees of 100  
in every electoral district throughout  
the province.4. By endeavoring to secure such  
legislation as will most effectively com-  
pel the people to express their wish  
at the polls.5. That, as a league we express our  
belief that the suffrage should be ex-  
tended to women on equal terms with  
men and affirm our willingness to work  
and secure legislation of that kind.6. That we as a league pledge our-  
selves to every legitimate endeavor to  
prevent all territory now dry, espe-  
cially the northern part of the  
province from becoming wet and that  
every effort possible be made to abo-  
lish entirely the permit system.7. That this convention authorize  
the executive to adopt as an integral  
part of their program for the coming  
year, the principle of active co-operation  
with the farmers organizations the  
labor organizations, fraternal so-  
cieties and other available units of  
public opinion with the view to se-  
curing a more adequate measure of  
legislation.The above is the policy—the plat-  
form—adopted by the Temperance and  
Moral Reform League which closed  
its session in Calgary on Thursday  
night. The members also decided to  
change the name of the league this  
year, but to refer that business to  
the next meeting to report at the next  
convention. It was also decided and  
resolution was passed that the league  
cope with the hotel problem, un-  
doubtedly should be given absolute  
power to erect buildings to be housed  
or operated for the purpose of pro-  
viding accommodation to the travel-  
ing public.That all houses of public entertain-  
ment should be regulated and inspec-  
ted so as to ensure reasonable accom-  
modation for the traveling public.  
The members were very enthusiastic  
over the step they had taken to sup-  
press liquor in Alberta, and the en-  
thusiasm of the people in connection  
at the close was such that each mem-  
ber would do all that was in his power  
to secure prohibition for the province  
and those who seemed in favor  
of local option stated before leaving  
that they would put their entire en-  
ergy into the work before them.The election of officers resulted as  
follows:  
President, H. M. Stephens, Vermilion;  
first vice-president, Rev. E. Mc-  
Gowan, Edmonton; second vice-pres-  
ident, Rev. A. R. Aldridge, Edmonton;  
third vice-president, T. H. Miller, Ed-  
monton; fourth vice-president, R. J.  
Sandberg, Calgary; fifth vice-president,  
J. F. Fowler, Wetaskiwin; sixth vice-  
president, Rev. G. McQueen, D. D.  
Edmonton; seventh vice-president, W.  
W. Boyd, Edmonton; eighth vice-  
president, C. P. McQueen, Calgary;  
ninth vice-president, Rev. W. A. Law-  
son, Edmonton; tenth vice-president,  
Mrs. Louis McKinley; eleventh vice-  
president, G. W. Smith, Red Deer;  
twelfth Harold Riley, ex-  
M. L. A. Calgary; Treasurer, J. H.  
McDonald, Edmonton.At the concluding session of the  
Alberta Temperance and Moral Re-  
form League convention last evening, the  
executive was authorized to proceed with  
a campaign for the raising of \$100,000  
which was considered a necessary sum  
for the carrying on of the projected  
campaign for prohibition in the province  
of Alberta.In addition to this the convention  
appointed Rev. H. F. Gold general se-  
cretary of the movement and Rev. A.  
R. Aldridge and Rev. J. M. Fulton his  
associates. These gentlemen will have  
charge of the determined campaign  
which the league has set out to wage  
against the liquor traffic.Sir Henry Pellatt writing in the  
Canadian Courier, tersely sums up the  
reasons for an optimistic outlook up-  
on the Canadian business situation.  
There is, he says, "small cause for con-  
cern on local conditions. Our crops

turn greater than in any previous

perienced a good year, also, and it there-  
fore is a temporary slackening in the in-  
dustry it is realized that this is only a tem-  
porary condition, which will soon re-  
turn itself.What are the fundamental reasons  
for hope in the future?  
1. The end of the Balkan war.  
2. The adjustment and settlement of the  
political nations caused by the war.  
3. The realization by the financial in-  
terests of the United States that Pres-  
ident Wilson is not a weakling, and that  
his policy regarding banking and the  
currency will not do any harm  
but it is likely to be beneficial, and  
the reduction in the United States  
tariff is likely to be of benefit to  
commercial interests. 4. That the Am-  
erican people now recognize that the  
policy of the Administration toward  
Mexico will force the resignation of  
Huerta, and restore confidence and order  
in Mexico.The considerations mentioned above

## MILLET

Great rejoicings prevail in Millet. By  
order of the railway commission, the  
agent at the depot has been retained  
and Millet is now a regular station;  
the days of the past are over. Al-  
though it is only four days since we  
have been without an agent, the in-  
convenience has been felt considerably.Mr. and Mrs. J. West and W. Woods  
have returned from Medicine Hat where  
they were delegates to the Odlif-  
fords convention.An American company has bought  
the big gravel pit two miles north of  
Millet and will open it up early in the  
spring.A carload of hogs and cattle were  
shipped to Burns' packing plant this

## Town Topics

John Blueler made a business trip to Statistec this week.

On March 18th, will be held an Auction sale of 35 horses, 26 cattle and 12 Hogs, at Mrs. Alvin Loggers' farm. Watch for bills. Abner A. Tye, auctioneer.

The town of Vogreville has secured from the Dominion Government, twelve natural gas rights for ten miles in each direction. All the gas wells will be owned by the municipality.

The regular monthly meeting of the Y.W.C.T.U. will be held in the school room of the Methodist Church on Tuesday evening, March 3rd at 8 o'clock. All young people welcome.

F. L. Talbot informs us that he is extremely busy these days, having received orders during the past few days for 12,000 photos from post card size to 10x20. These orders have been received from all parts of the province.

The opportunity of the farmers of the Wetsaskiwin district, lies in mixed farming. The farmer who specializes in hog and cattle feeding is the man who succeeds beyond a doubt in this section, providing always, that his industrious and knows something of the business. Under ordinary circumstances there is no such thing as failure.

J. Tomaszewski brought a silver fox skin into town this week, and caused quite a stir among the local fur buyers. A good story is going the rounds in connection with a dicker for the valuable pelt. It appears that Mr. Tomaszewski was offered \$300 for the skin and accepted a cheque for the amount. In the meantime, however, the would be buyer heard the remark passed by an expert in furs that the pelt was only worth about \$25, and on getting the cheque into his possession again decided he'd better play safe. The skin was later sold in Edmonton for \$500. The fox was captured in the vicinity of Pigeon Lake last month and had the trapper been able to take it alive he could have gotten anywhere from \$1500 to \$2500 for it. Representative.

An Ottawa despatch reports that J. D. Egan, for many years station agent at Summerside, and Daniel Montgomery, formerly station agent at Alberton and later at Georgetown are to be presented with Imperial service medals. Both gentlemen give the best years of their lives to the railway service, and the honor is well merited. Both have been out of the service for over a year. Mr. Egan is now in Wetsaskiwin and Mr. Montgomery is a resident of Summerside. It is possible that the presentations may be made in Summerside. We join in extending congratulations to Mr. Egan.

Mr. F. L. Talbot, our well known photographer is showing another tribute of his many successful efforts by personally giving the Garbutt Business College a silver shield to be completed by the students. Mr. Talbot who has been watching steadily the growth of the College, and the advancement of its pupils, is giving this shield to the pupils who have the highest percentage of marks in all subjects in three months commencing. This shield, together with the personal diploma Principal Price is giving, making it an interesting fact that every pupil in the College is working exceedingly hard wherever to hold these high qualifications. Mr. Talbot will attend the College personally to see the progress that is being made in the competition and we will give each week this standing of the best pupils. The shield will be on exhibit a few days in the jewelry store of French and Thomas.

### BITTERN LAKE

Messrs Roper, Dumke, Deisting, Broe, and others, in the auction sale at C. Weiser farm, the 24th Inst, and report good prices for all stock, and other goods.

Mrs. Jones Anderson is on the sick list, but with Dr. Nordbye in attendance, we hope for a speedy recovery.

Mr. J. B. Hawkins of Edmonton was transacting business here on Monday.

Mr. Shore who is representing the Remington Typewriter Co. was looking after his companies interests here Monday.

Miss L. Birkett, of the Statistec Telephone staff, visited her father and sisters here last week, returning Wednesday of this week.

The surprise party given by Mrs. Jud. Pelter last week was a success in every sense of the word. The time was spent in dancing, and keeping the contents of the pantry from "spilling."

Miss Nora Birkett, of the Wetsaskiwin Telephone staff, spent the week end at home, here returning Tuesday morning.

Dr. Riddell, of Alberta College, will deliver a lecture here Friday evening. The subject will be "Social Welfare", and a large attendance is expected as he is considered one of the best speakers in the province.

The dance held in the hall Tuesday evening was well attended. Mr. Sabe of Bawlf furnished the music, and every one had an enjoyable time.

Messrs Anderson and Brooks were transacting business in Wetsaskiwin, Saturday.

### ANGUS RIDGE

A box social was held at Angus Ridge school house last Friday evening, the object being to raise funds to buy an organ, and lamp for the school house. The social was successful as about one hundred and fifty dollars were raised. "Even" the school board seemed satisfied.

Many very pretty baskets were sold by Mr. Montdon, who was the auctioneer for the evening.

An excellent programme was rendered by the Young People who are to be congratulated for their talent. Nearly all who took part are members of the Young People's Society, and the school board feels grateful towards them for their kind assistance. They did the work the people very heartily for their patronage.

The Young People are certainly doing good work in this community and as the society is just in its infancy much honor is due them, and we hope in time to be much prouder of them, as they will without doubt leave their mark. And many will feel it an honor to belong to their society. We do not know what their motto is, but it seems to be something like this, "What we do we do with all our might."

### RECORD FIGURES FOR SHIPMENT OF HOGS

Those farmers and ranchers who took up hog raising last spring have every reason to be glad of the fact. During the period since January 1st four very large consignments have been paid to hog raisers by W. A. de Wilson and Gavin Jax and A. H. Mayland, livestock commission men at the Alberta stock yards in east Calgary. The sales were put through as follows:—

January 3—615 hogs shipped by J. T. Reynolds, Olive, sold for \$7.25 per hundred pounds; total value, \$7,579.27.

January 17—407 hogs shipped by C. Barthe Gleichen, sold for \$7.60 per hundred pounds; total, \$5,172.12.

January 30—402 hogs shipped by A. Gilmour, Lacombe, sold for \$7.38 per hundred pounds; total, \$5,239.60.

February 4—420 hogs shipped by J. T. Reynolds, Olive, sold for \$8 per hundred pounds; total \$6,336.00.

As will be seen from above, the total sum paid to these three ranchers was \$26,330.44 for 1,944 hogs. The animals were all purchased by Frye and company of Seattle at better prices than were obtainable here. The trading in hogs at the local stock yards has increased by local and bounds during the past few months and in the opinion of many livestock men will soon result in a rise in the cattle business for price of place in the livestock industry of Alberta. ## Why Do Women Suffer

When They Could Be Well?

It is so easy to be well and strong and able to enjoy life, that it is surprising how many women drag themselves through the day suffering tortures from backache due to kidney trouble. Mrs. Wilcox found the way to cure herself and gladly writes about it so that others may be induced to use the same remedy.

DR. LORRAINE.

"During the last winter, I was bothered very much with a Weak Back. I was advised by a friend to try GIN PILLS and I did. The first box I found helped me very much and I found who had taken the second, I was completely cured." Mrs. J. WILCOX.

"If GIN PILLS do not do all that we say they will—let us know, and we will cheerfully refund your money. Send for a free sample and see for yourself that they will do you good. Then buy the regular boxes at your dealer's—6 for \$2.50."

### FORMER RESIDENT OF SIFTON

MANITOBA, IS CHARGED WITH MURDER

Edmonton, Alta., Feb. 26.—Charles Trojchichin, a boarding and lodging house keeper, was arrested this morning on a charge of murdering his four months old child in Sifton, Manitoba eight years ago. The warrant was sworn out by his own wife, who is now going under the name of Mrs. Lena Wilson, and who had her husband convicted a few minutes before on the charge of non-oyor.

Mrs. Wilson has made a statement that Trojchichin murdered their four months-old child and afterwards made her promise not to call the police, or anyone else. She heard the child crying and all of a sudden it stopped. She ran upstairs to the bedroom and found the child dead on the bed. Her husband was standing a few feet away and looking at the corpse. It was then that he grabbed a carving knife and holding it over her head while she knelt on the floor, commanded that her mouth be sealed and her tongue be silent forever.

Convinced that her husband would carry out his terrible threat, Mrs. Wilson obeyed and promised to keep the secret and this morning after seeing Trojchichin escorted to the prison's dock to answer to a charge of non-oyor she told the story to Deputy Chief Wright and other police officials.

A Baptist College to cost nearly a half million dollars is to be erected in Calgary. Mrs. A. S. McArthur of that city, has donated a site worth \$150,000.

LIFE THREATENED  
BY KIDNEY DISEASE

His Health Is A Terrible State Until  
He Took "Fruit-a-Lives"

B. A. KELLY, Esq.

HAGERSTVILLE, ONT., Aug. 29th, 1913.  
"About two years ago, I found my health in a very bad state. My kidneys were not doing their work, and I was all run down in condition. I felt the need of some good remedy, and having seen 'Fruit-a-Lives' advertised, I decided to try them. Their effect I found more than satisfactory. Their action was mild and the result all that could be expected. My kidneys resumed their normal action after I had taken upwards of a dozen boxes and I regained my old-time vitality. Today, I am as well as ever, the best health I have ever had."

B. A. KELLY

"Fruit-a-Lives" is the greatest Kidney remedy in the world. It acts on the bowels and the skin as well as the kidneys and thereby soothes and cures any kidney ailment.

"Fruit-a-Lives" is sold by all dealers at five a box, or \$2.50, trial size 25¢, or six a box, or \$1.25, trial size 12¢. By mail direct on receipt of price by Fruit-a-Lives Limited, Ottawa.

5000 FACTS ABOUT CANADA

Do you know Canada? A novel and unique mine of information is found in this popular booklet "5000 Facts About Canada," just issued for 1914, and compiled by Frank Veitch the well-known statistical authority on things Canadian. This new edition shows a marked advance over previous issues in the amount of new data, a handsome cover a revised map and improved paper. The publication contains all the essential facts of Canada's progress in a year, under each chapter heads as Agriculture, Arts, Banking, Census, Mining, Manufacturing, Trade, etc., while striking tables of comparison present a measuring rod of our national development. Its wide circulation is easily understood when its value circulation is readily understood. It is a handy reference encyclopedia of facts and figures. It may be had by sending 25 cents to The Canadian Facts Publishing Co., 588 Huron St., Toronto, or from news dealers.

EARTHQUAKES IN EASTERN PRO

VINCE

The following comes from an Orillia Ont. Paper.  
"Orillia had an experience of an earthquake on Tuesday afternoon. About 130 people who happened to be in the city at the time were surprised to see the furniture shaking and to hear the windows rattle. They had scarcely had time to recover to the Department, or to the above named Inspector, and such application form must be properly filled out, witnessed, and declared to before a Commissioner or Justice of the Peace before an examination can be granted."

Watch Your Liver.

If It Is Lazy, Slow or Torpid

Stir It Up By The Use of

Milburn's Laxa-Liver

Pills.

A lazy, slow or torpid liver is a terrible affliction, as it holds back the life, which is required to move the bowels, and lets it into the blood instead, thus causing Constipation, Cancers of the Stomach, Sick Headache, Languor, Pain under the Right Shoulder, etc.

Mrs. Wesley Eastbrooks, Midway Station, N.B., writes: "For several years I have had trouble with my liver. I have had medicine from several doctors, but was only relieved for a time. I then used Milburn's Laxa-Liver Pills, and I have had no trouble with my liver since. I can honestly recommend them to every person who has liver trouble."

Milburn's Laxa-Liver Pills are 25¢ a box, or 5¢ a box, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Why the Man Walks in Front.

When husband and wife go traveling together in the Orient the man walks in front, carries the bag, and the woman walks behind, carrying the bundle. Therefore you say: "The Oriental cares not for his woman." He despises his wife, and uses her as a beast of burden. Many occidentals never get further than this. But if you are observant, says a writer in the Christian Age, "you go out in the jungle yourself, and you discover things."

The paths are overgrown and thorny. Creepers must be cut back. There are cattle and buffaloes to be driven off, and buffaloes are ugly creatures. There are snakes. In the villages are village dogs, which snarl and snap. You are a man, yet you will be glad of some one to go in front of you with a hatchet to clear your way. No woman would walk in front, and the man would be free. Now you see the reason why the man walks in front."

Girdles and Sashes.

The giraffe or sash plays a very important part in the woman's style. Very many of these are extremely wide and swathe the figure, being distinctly oriental.

There are also girdle-like draperies and vests, which often assume the giraffe's outline.

In extreme instances broad bands of fur will girdle the figure. The straight around belt is not seen. The girdles and sashes being of softly draped silks or other tissues.

Waistcoats Appeal to Feminine Favor.

Let no woman labor under the delusion that the new waistcoats which appeal so strongly to her fancy are easily copied. Although loose and lacy they are carefully cut and fitted, and their edges are perfectly tailored.

Do you thoroughly understand the mysteries of tailor stitching. Miss Thrift? Think twice before you miss.

A Cause For Thanks.

T. Sullivan Tailor of a luncheon that he recently gave at the Newport casino was witty at the expense of the shamed skirt, the transparent blouse and other of woman's new fashions.

"Young Mrs. Blane," a neighbor said to Mr. Sullivan, "is a very beautiful woman, but she puts on airs."

"Well," said Mr. Sullivan, "let us thank goodness that she puts on something. You know what the 1913 fashions are."

Edmonton Will Provide Uni-

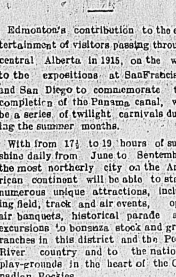

QUE ENTERTAINMENT

Edmonton's contribution to the entertainment of visitors passing through central Alberta in 1913, on the way to the exhibitions at San Francisco and San Diego to commemorate the completion of the Panama canal, will be a series of twilight carnivals during the summer months.

With from 17 1/2 to 19 hours of sunshine daily from June to September, the most northerly city on the American continent will be able to stage numerous unique attractions, including field, track and air events, open air banquets, historical parades and excursions to historic spots and grain ranches in this district and the Peace River country and to the national playground in the heart of the Canadian Rockies.

John Harris, formerly of Okotoma and H. L. Adair of Southern Alberta, have the distinction of taking the steam plow into the Peace River country north of the 55th parallel latitude where they will engage in grain growing, and mixed farming. Harris has a tract of 60,000 acres in the Grande Prairie district and Adair has between 4,500 and 50,000 acres near Lake Sakana, in northwestern Alberta. These plows will break from 40 to 50 acres of land in 10 hours working with two plows.

Purple of the public schools of Edmonton will have dental work done at the expense of the municipality in the future. The board of education has accepted an offer of the services of 25 members of the Edmonton Dental association, a half day every month without charge. The board will furnish the equipment and materials and also provide rooms in one of the hospitals or schools. S. A. Gordon Barnes, a member of the school board, announced today that the dental department will be in operation before the close of this month. The enrollment in the public schools of Edmonton is more than 10,000. Every child's teeth will be examined. The work will be done by experienced practitioners, each patient receiving the same attention that is required in regular practice. The plan is to install a complete dental ward.

## Clever Little Combination

## Knocks Cold in Few Hours

You can now get rid of any ordinary cold or not get promptly relieved—your cold in just a few hours by taking a couple of doses of Weeks' Break-up-Cold Tablets, which you can procure from H. L. Higgs, druggist.

These little tablets are a clever combination of positive, quick-acting ingredients—so sure-acting that while they will not cure every cold, yet 15 headaches produced by congestion due to a cold.

It is needless to warn intelligent people not to accept substitutes. Break-up-Cold Tablets are the only cold remedy that will not cause a cold. Twenty-five cents.

## IMPORTANT DECISION

The following important information appeared recently in the Lethbridge Daily Herald:

"A case just heard in Calgary will have a large bearing on real estate transactions, it being established that equity in land cannot be destroyed through inability to meet payments. It has been customary to hedge every agreement of sale with restrictions, but it appears as if these agreements are not in accordance with good law and consequently when a man pays in money on a property he is entitled to that much equity no matter what the vendor may say to the contrary; the only exception of course being a stamp in value which would make it impossible to sell the property for the equity claimed a most unlikely occurrence. It may possibly have the effect of tying up land and making business transfers difficult, but there is no doubt that when a man invests in real estate he has the right to own it to the extent he has paid for it."

## ONLY JEANS OF EXTRICATING GERMANY IS BY WAR

Berlin, Feb. 25.—Immediate war as the only means of extricating Germany from an already intolerable situation among European powers is frankly advocated by a writer in a leading article in "Die Welt" today. He says: "In the lives of nations there are complications and dangers which can only be dispensed of by the sword. Our situation today belongs in this category."

"At the moment, conditions are favorable. France is not ready to fight; England is involved in internal and colonial difficulties; Russia shrinks from war because she fears revolution. Shall we wait until our opponents are ready or shall we use the favorable moment to force a decision?" "The Post" is the recognized official organ of the powerful and influential imperial party.

## THE ROAD TO RICHES

The old adage used to run: "Early to bed, early to rise, Makes a man healthy, Wealthy and wise." Nowadays it goes something like this:

"Use your cars, use your eyes, Trade with men who advertise."

There's sense to this doggerel because when you trade with men who advertise you do business with men who deal in the open.

Merchants do not waste money in advertising fakes. They are sure of their goods and their service.

The printed word is their master. They must live up to their promises. A safe buyer's guide is the advertisements in live newspapers like The Times.

Every line of it is worth reading and some part of it is surely written for your eyes. Be wise for wisdom leads to prosperity.

Success in business doesn't happen; neither does failure. Both are the result of laws as rigid as those of the Medes and Persians.

## Town Topics

Wetaskiwin is an ideal farming district, no irrigation or dry farming methods are required. The rainfall is ample and a luxuriant growth both of cultivated crops and wild hay is assured.

I have succeeded in getting a listing Edmonton, Grout, Peace River City and Dunsburg, City property which I can exchange for farm lands or Wetaskiwin City Property. Call and give me your listing, and tell me what you want and I believe I can satisfy you. F. E. Allison, Nanton Street. Phone 235, Wetaskiwin, Alta.

The wholesale grocery interests of W. Georger & Co. in Calgary and Canmore, have been taken over by the Stockton Co., Minneapolis, and affiliation of Nash Bros., of the same city and the owners are to take possession on March 1st. The deal does not concern the Tuxedo Manufacturing Company in which William Georger retains his interests.

London, Feb. 19.—Signor Marconi announces that he can now light lamps by wireless at a distance of six miles. The bulb of a lamp was attached to a wireless receiver connected in turn with a receiving aerial wire at the other end was a transmitter in a space linked up with a hundred horsepower station. As soon as the power was applied the bulb glowed away brightly and burned it at least as the current was kept on. This experiment Signor Marconi hopes may be the forerunner of the use of wireless telegraphs.

"I am now aiming particularly at obtaining a distinctly audible message which is really more valuable than the spectacular calls over long distances. I have been able to communicate quite easily and clearly over a distance of 100 miles using ordinary receivers and apparatus very much like the usual telephones."

A western editor remarks: "If the world would be so fortunate as to lose me I intend to be it understood before I go that the lodges to which I belong shall not shrink recalcitrance in each of the papers, nor furnish copy to the bereaved family informing the public and my beloved ones that it has pleased the All-wise Father of the universe to interfere with my terrestrial career; that I have in fact, been removed from our midst. Neither will I have a black-bordered handbill distributed about town advertising my untimely leave taking—deadly but not least, my grief-stricken relatives will confer a great favor by not having a card of thanks signed by the family to the neighbors who so generously aided us in the recent unpleasantness. These customs were launched into use by the best and kindest motives, but the 50 or more years of hardship to which they have been subjected has reduced them to cold stereotyped formalities; meaningless, useless sand."

## PIMPLES

## Are an "EYE SORE."

Pimples are caused by the blood being out of order. These little festering sores appear on the forehead, on the nose, on the chin and other parts of the body, and although they are not a dangerous trouble, they are very unsightly to both you and your friends.

There is only one way to get rid of them, and that is to purify the blood. Burdock Blood Bitters is without a doubt the best remedy on the market for this purpose.

Wm. F. Donohue, Jr., Hamilton, Ont., writes: "About six months ago my little son's face was literally covered with pimples. I tried every preparation I was told of by my friends, but to no avail. Sometime I thought I could not have them feed up, and would have to wait, and let him grow out of them, but thanks to Burdock Blood Bitters they are all gone, and I gladly recommend it to anyone."

Burdock Blood Bitters is manufactured solely by The T. Milburn Co., Limited, Toronto, Ont.

## BOY OF TWELVE STARTS ON TRIP

OF 5,000 MILES

Edmonton, Feb. 23.—Completing the first short stage of a 5,000 mile journey, Otto Walker, a boy scarcely 13 years old, arrived in Edmonton Saturday evening from Alghausen, Germany, on his way to Havre, France and in all the long journey by rail and steamship the youngster will depend upon the care of company officials to see him safely along.

Otto reached Edmonton via the C.N.R. soon after 7 o'clock. He was met by R. H. Webb, dining car agent for the C.P.R., who sent him east on the Winnipeg express at 9:45. He will be under the care of the C.P.R. until he reaches Montreal where he will be met by the Swiss consul who will place him on board the Alland liner "Corinthian" for his trip across the Atlantic. The boy is being sent to relatives in Switzerland. It is stated, who will meet him at Havre.

## A SQUARE DEAL TO ALL

That's the Motto of this Contest

Every Candidate will receive equal treatment and there will be no favorites. That each Candidate may be certain of a square deal, a committee of well-known business men of Wetaskiwin will be selected as judges to count the votes and award the prizes at the close of the contest.

THE WETASKIWIN TIMES HAS COMPLETED ARRANGEMENTS WITH THE CANADIAN COUNTRYMAN, TO ENTER UPON A GREAT SUBSCRIPTION CAMPAIGN, WHEREBY THEY CAN OFFER THESE TWO EXCELLENT JOURNALS FOR THE PRICE OF ONE. THE CANADIAN COUNTRYMAN IS A NEW FARM PAPER, PUBLISHED EVERY WEEK, WHICH ENTERED THE FIELD ABOUT FIFTEEN MONTHS AGO, AND IS OUTSTRIPPING ALL OTHER FARM PAPERS; IT REALLY IS ONE OF THE BEST PAPERS OF ITS KIND THAT HAS YET BEEN PUBLISHED IN CANADA. THE TIMES NEEDS NO INTRODUCTION. IT IS KNOWN FAR AND WIDE AS ONE OF THE BEST LOCAL PAPERS PUBLISHING IN THE PROVINCE. HERE IS A GREAT OPPORTUNITY FOR THE PEOPLE OF THIS DISTRICT TO SECURE TWO FIRST CLASS PAPERS FOR LESS THAN THEY EVER WILL AGAIN. TO ALL WHO ENTER THE CONTEST, WE OFFER PRIZES WORTH WORKING FOR.

The Wetaskiwin Times has just inaugurated the most important voting contest ever known in the history of newspapers in this district, 1914. In cash prizes will be distributed to the parties who engage in this big circulation campaign, and they will all be awarded on a basis of votes secured in return for subscriptions collected. Every one in Wetaskiwin and district are invited to enter the contest, and compete for the prizes. Votes will be allowed on all subscription payments according to the vote schedule appearing in this announcement, and candidates will be permitted to secure subscriptions anywhere in Canada.

### Nomination Blank 1000 Votes Nominate a Candidate! \$300 PRIZE VOTING CONTEST

Campaign Manager,  
The Wetaskiwin Times,  
Dear Sir:

Please enter name of M.....

as a candidate in the \$300 Voting Contest.

This blank is good for 1000 votes to the candidate nominated herewith.

### Voting Power of Subscriptions

#### THE WETASKIWIN TIMES (only):

1 year	\$1.00	2000 votes
2 years	2.00	4000 votes
3 years	3.00	6000 votes
4 years	4.00	8000 votes
5 years	5.00	10000 votes

#### CANADIAN COUNTRYMAN (only)

1 year	\$1.00	2000 votes
2 years	2.00	4000 votes
3 years	3.00	6000 votes
4 years	4.00	8000 votes
5 years	5.00	10000 votes

### Combination Schedule

When the Wetaskiwin Times and the Canadian Countryman are ordered together, for the same name and address, votes will be allowed as follows:

The Wetaskiwin Times and the Canadian Countryman together:

1 year	\$2.00	5000 votes
2 years	4.00	10000 votes
3 years	6.00	15000 votes
4 years	8.00	20000 votes
5 years	10.00	25000 votes

The same number of votes are allowed for new subscriptions, renewals of old subscriptions, and for the payment of arrears.

Contestants will note that the regular annual subscription price of the Canadian Countryman is \$1.50 but The Times has been given authority by the publishers to offer it at \$1.00 per year when sold singly. This means that an old subscriber of The Times may secure a full year's subscription to the Canadian Countryman by paying his renewal to The Times and adding \$1.50. A new subscriber may get a full year's subscription to The Times and a full year's subscription to The Canadian Countryman, all for \$2.00.

Study the voting power of subscriptions carefully. It will be noticed that subscriptions to the Canadian Countryman bring more votes. Candidates should therefore devote more time to "Countryman" subscriptions.

Send all subscriptions and remittances to The Campaign Manager, "The Times Wetaskiwin, Alberta," and upon receipt of same, vote certificates will be issued, and returned or voted as requested by the candidate, according to the conditions of the campaign. All cheques, drafts, money orders, etc., are to be made payable at par, to The Wetaskiwin Times, Wetaskiwin.

Candidates are requested to write plainly in filling out the middle stub of subscription forms which will be supplied each candidate, which is to be sent to the Campaign Department of "The Times, Wetaskiwin."

Votes will not be allowed for subscriptions not accompanied by a remittance.

If there is anything you do not understand, ask for information—The Campaign Manager will be pleased to assist you.

### How the Prizes are Distributed

1. To the candidate securing the largest number of votes in the entire contest, we will give \$150.00 in cash.
2. To the candidate securing the second largest number of votes in the contest we will give \$50.00 in cash.
3. To the candidate securing the third largest number of votes in the contest we will give \$35.00 in cash.
4. To the candidate securing the fourth largest number of votes in the contest we will give \$15.00 in cash.
5. To the candidate securing the fifth largest number of votes in the contest we will give \$10.00 in cash.

### Prize Guaranteed Every Candidate

6. The Times does not ask the residents of this district to canvass for subscriptions and then take chances on getting a reward for their efforts. The Times agrees to give every candidate who secures 40,000 votes a prize of some kind. Candidates in "The Times" \$300 Cash Prize Circulation Campaign are not entering a game of chance for they are all rewarded.
